

AI Project

Meeting started: Oct 27, 2024, 6:03:17 PM

Meeting duration: 82 minutes

Meeting participants: Agita Ferstere, Diāna Koržaviha, Natalja Krjučkova, Sergejs Kopils

Quick Summary

During this meeting, Diana, Natalia, Agita, and Sergey discussed the current tasks of the project, including the need to manually check clusters and changes to the schedule. They also got the opportunity to use the supervisor model and discussed how to adjust the text of the document.

Actions for Diāna

- [] Submit the final version of the document by 5:00 PM tomorrow.
- [] Review the diagram and suggest an improvement.
- [] Review the text for errors and suggest corrections.

Actions for Natalja

- [] Update links and format them in Harvard style.
- [] Recheck the diagram and make changes.
- [] Remove unnecessary elements from the document.

Actions for Agita

- [] Review the text that meets the requirements.
- [] Discuss changes in the project using one opportunity.
- [] Prepare a list of questions for the next meeting.

Actions for Sergejs

- [] Delete virtual tasks from the system.
- [] Check data saving in the program.
- [] Prepare a report on the current state of the project.
