

AI Project

Meeting started: Dec 24, 2024, 10:00:49 AM

Meeting duration: 160 minutes

Meeting participants: Agita Ferstere, Diāna Koržaviha, Natalja Krjučkova, Sergejs Kopils

Quick summary

During this meeting, Sergejs, Diāna, Natalja, and Agita discussed the progress and challenges of their project, including the completion of tasks, the use of different tools for data analysis, and the preparation for the final presentation. They also addressed issues related to the organization of their GitHub repository and the need to update task descriptions to reflect the actual work done. The team also planned to finalize their project presentation by January 7th, with a follow-up meeting scheduled for December 29th to review the presentation details.

Action items for Sergejs

- Provide bank account details for reimbursement.
- Review the GitHub repository for any remaining issues or tasks that need clarification.
- Assist in the preparation of the final presentation.

Action items for Diāna

- Update the GitHub repository with accurate task descriptions and timelines.
- Coordinate with the team to ensure all necessary files are uploaded and organized.
- Prepare a draft of the final presentation for team review by December 29th.

Action items for Natalja

- Finalize the data analysis and scoring scripts, incorporating any necessary adjustments.
- Share the presentation template and any relevant materials with the team.
- Ensure all data files are correctly processed and uploaded to the repository.

Action items for Agita

- Assist in the review and editing of the final presentation.
- Provide feedback on the updated GitHub repository and task descriptions.
- Collaborate with Natalja to ensure the data visualization is complete and accurate.
